

Run Report

(The (Special Guest) Squat Spot)

Silver's Run

Wow!!!!!! Was it ever a Hash run - through vacant lots, up hills and over gates. A muggy night for all. Even the walker's had a sweat on.

The old Fox tried to get it right, but ended up getting -3 (red card), from H.J., but the Hashers did have a special song for the Hare. Uncle Fester tried hard to keep the circle in place, with help from the human mega phone Tiny Tim. – but to no avail. The problem was possibly caused by the Mandurah Hasher's, as they are still learning how to form a circle. All in all, GREAT to see so many Mandurah Hasher's join our run.

Silver spoke about "Rotto" - could be our last ???, more news later!!!!!!

Cavewomen did her thing with the raffle and hope to see a lot more, well done!!!!!!

Not sure about Eighty Sux???? H.J. called for visitors to the circle and he was not sure if he was a visitor or not. Eighty Sux and Serenity were late, maybe they were focused on other things ???????

A great night enjoyed by all!!!!!!
